WHAT'S NEW IN THE PIPELINE...

Take Your Child To Work Day April 24, 2025

The 2025 Take Your Child To Work Day theme was "For A New Generation." This theme aims to connect kids with role models in various fields and make future goals seem achievable and exciting.

CCMUA recently opened our doors to some very special guests—our kids! Take Your Child To Work Day gave us a chance to show off the behind-the-scenes magic of water protection. And their reactions? Priceless. From pump stations to pollution prevention, they saw just how powerful clean water work can be.

"Our Water's Worth It" Award Highlights Clean Water, Flood Efforts

To our incredible staff, thank you again! Many of you attended the ceremony in April where the CCMUA was honored with the inaugural "Our Water's Worth It" award from the NJDEP. The Authority was recognized for its work protecting public health by reducing combined sewer discharges and localized flooding through sewerage and green infrastructure improvements, along with our public engagement and education efforts in pursuing that critical work.

While I'm proud to be recognized for these tremendous efforts, I've emphasized before, and I'll emphasize again: this award belongs to each of you. Your dedication to operating the plant - preparing it for the challenges it has and will face - is what enables the Authority to do so much of the above-and-beyond work in our communities that won us this special honor. It's your collective commitment to our core job that truly sets us apart. Thank you for your continued dedication to our community and our environment.

We came, we cleaned, we made a difference!

CCMUA partnered with the Center for Aquatic Sciences and fellow volunteers to tidy up Petty's Island – and we're feeling all kinds of good about it. Petty's Island is privately-owned and is making an amazing transformation from an active marine terminal and oil storage facility into a State Park.

The river's cleaner, the wildlife's safer, and the community's stronger.

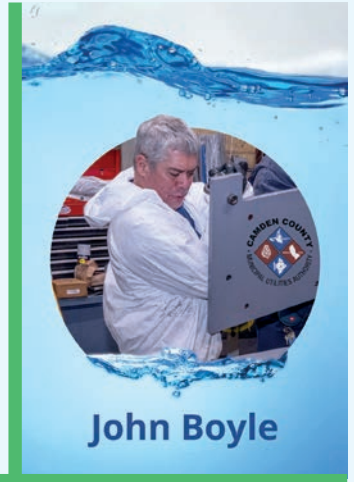

That's what we call a good day.

EMPLOYEE SPOTLIGHT

John Boyle: Committed to the Work That Keeps Us Going.

John loves that every day on the job is different, but one thing stays the same—he takes pride in seeing the results of his hard work keeping our community clean and flowing smoothly. When he's not at the CCMUA, John is on the hunt for treasures at flea markets and yard sales, or he's off exploring new places. Wherever he goes, we know he's bringing that same passion for fixing things and making them better. Thanks for all you do, John!

Karen Gaughan is a Behind-The-Scenes Powerhouse.

Karen Gaughan has been with the CCMUA for nine years and counting, and that's why she's our employee spotlight. As a Clerk, she's responsible for payroll processing, tax filings, pension and garnishment reporting, and keeping vendor payments on time and accurate. Karen brings great care to everything she touches. When she's not balancing numbers and timelines, Karen loves to cook, hike, and travel with her husband, especially if it includes a scenic drive and a stop at their favorite winery.

Some People Just Make a Place Better and Ugur Asci is One of Them.

As an IT Technician, he's not just a rising star in our IT department, always learning, always helping, always smiling, he's also a proud part of his family's business: a beloved diner in Westville that scooped up first place in WMMR's 2024 Soup Contest with their incredible potato leek soup!

Ugur embodies what it means to be part of a team, whether he's here with us or back at the diner with his family. We're lucky to have him, and so is anyone who gets a bowl of that soup.

NATIONAL NIGHT OUT

We recently had the opportunity to participate in Active Shooter Attack Prevention and Preparedness (ASAPP) Training. In an open, public facility like ours, this type of training is significant. Here's a refresher to help you remember everything for when it truly counts.

Run

- ▶ Wherever you go, be aware of alternate exits.
- ▶ Quickly and cautiously evacuate in a direction away from the attacker.
- ▶ Don't hesitate. Seconds matter.
- ▶ Remember windows and emergency exits.
- ▶ Leave belongings behind. Keep empty hands raised and clearly visible.
- ▶ Follow all instructions from the police.
- ▶ Don't stop until you are sure you have reached a safe location.

Hide

- ▶ If there is no safe escape route, find a good hiding place.
- ▶ Lock and barricade the door.
- ▶ Silence cell phones.

Fight

- ▶ Fight only as a last resort.
- ▶ Use available objects as improvised weapons.
- ▶ Use teamwork and surprise. A coordinated ambush can incapacitate an attacker.
- ▶ You are fighting for your life. Don't fight fair!
